

What Is the United Way of Natrona County?

United Way of Natrona County is a local nonprofit organization dedicated to improving lives and strengthening our community. For more than 70 years, we've brought together people, businesses, and organizations to tackle our area's most pressing challenges, such as helping families meet their basic needs, supporting children's education, and improving health and wellness for everyone in Natrona County.

We raise funds that directly support 36 partner agencies and one community program, creating a lasting impact in our local community. Every dollar you give stays right here, helping our neighbors thrive.
